#FarnetSmart

Smart partnerships

UEGC what is that ?

The concept of UEGC, seeks the combination of different stakeholders, sharing their knowledge, setting common long-term goals and proposing tools to achieve their purposes. It's based on a territorial approach.

farnet
fisheries areas network

Smart partnerships

Conciliation meeting between :

- recreational fishing associations,
- professional fishermen,
- scientists,
- managers of marine protected areas
- NGOs.

Smart partnerships

Objective :

**Establishment of sustainable fisheries
through an ecosystem approach**

Smart partnerships

Tools :

- Meetings
- Field survey
- Conversation with partners (administration, scientifics, NGO, ...)

Smart partnerships

Expected results :

- fight against illegal fishing,
- concertation between stakeholders
- establishment of communication relays towards all non-professional fishermen on the management issues of the resource,
- on mandatory regulatory measures and set up a follow-up scientific studies on species.
